THE MANAGEMENT TEAM

01

marketing@casys-technologies.net

www.casys-technologies.net

Victor DAHAN
CEO

"I am convinced that security, reliability and proximity are the pillars of successful digital payment.

This is why we develop innovative solutions that meet these criteria, providing our customers with a seamless payment experience."

Ibrahim NASSA
Operations Director

"Casys offers a dynamic work environment.

We have the opportunity to work closely with motivated and highly responsive and qualified staff in order to optimize our processes and the quality of our products and services."

Roger COULIBALY
Production Director

"The motivation that drives me as Development Manager comes from our commitment to constantly innovate and evolve.

At Casys we have the freedom to propose and test new ideas, which is extremely exciting."

Nicodème DJINA
IT Infrastructure Manager

"I am motivated by the mission to protect and ensure that our solutions meet the highest security standards for our customers and our teams while placing a premium on trust and transparency."

MILESTONES

02

marketing@casys-technologies.net

www.casys-technologies.net
